A NEW HIGH SCHOOL SOON

by j. burke

If you didn't hear, we are getting a brand-spankin' new high school. I don't know anybody who isn't happy about it, but there are a lot of people I don't know. And it took only one bond issue vote to do it.

It's going to be placed over by Black River and will be completed sometime during 1997. It will give the class of 200 three years in it. I'm really glad we got it because we needed it so badly.

I'm pretty sure the architects designing it have almost 14 million dollars to work with, giving us tons of good things, including (from what I reead) over two million dollars in technology, which will be great.

Our new high school, in my opinion, will be cool. What I've also heard about is a media room, filled with computers, and lot of other stuff and a few gymnasiums.

The building is going to be a one-story b uilding; unfortunately there will be no pool, but it's ok. By the time we get in there, the technology will make us forget about it anyway. All in all, the new high school will be cool.

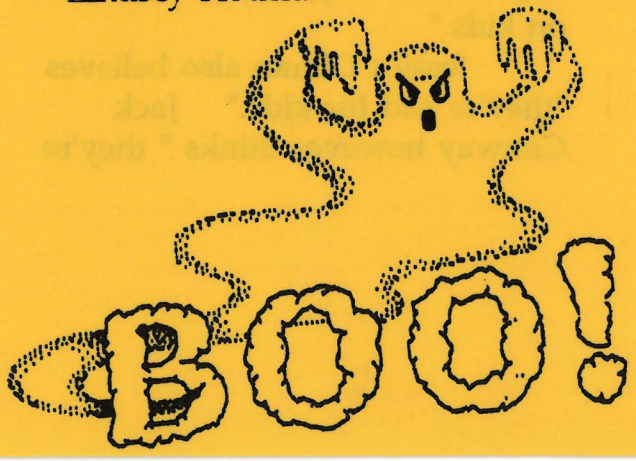
LADY REDSKINS BASKETBALL

The 8th gradwe A team is made up of the following girls: Lindsay Mendenhall, Laura Sutherland, Sarah Carr, Maggie Coleman, Stacie Kennedy, Jessi Stutz, Jenny Tenant, Angelina Holt, Katie Abshagen, Jenna Wright, Treassa Gerard, Abby Wolownik, and Brandi Coyer.

The B team includes Bianca Cross, Veronica DeGroff, Kristie Lietzau, Angela Peat, Elaine Bussema, Maria Barnes, Kristin Smith, Kristen Millek, Amanda Shipley, Angela Creameans, Angela Ferrari, and Nellie Kuntz. Their coach is Mandi Wright.

Seventh grade teams are split between red and white. The red team includes Kristy Houghton, Kari Carr, Alicia McConnell, Kelly Baskin, Paulette Reidt, Bethany Howell, Katie Anderson, Abby Tucker, Heather Nugteren, Alisha Farber, Kelly Mapes, Denesyse Varnsdeel, Carmen Selent, LeeAnn Stickles, Melanie Lanter and Andrea Medema.

The white team includes Natalie Alden, Katrina Davidson, Andrea Bielang, Emily Pasman, Holly Streich. Jessica McDaid, Katie Hughes, Laura Opalka, Heather Taylor, Ambra Homan, Jessica Shipley, Tabitha Staggs, Angie Zahninger, Kerri Champion, Sarah Lounsbury, Becky Ruthruff, and Lindsey Houch.



POWER TO THE RANGERS?

We asked your opinion: by Paula and Anne

We asked what you thought of the Power Rangers. We found out that ...Natalie Alden thinks they're her "best friends." Christina Kerr thinks "they're good." KAsey Cooper said ,"the pink ranger is fine. (ooh Kasey) Lucas HArling" loves them a lot." Lindsey Mendenhall thinks "they're really cool." Juan Seidel also "loves them a lot."

Nicole Summerville thinks "They're neat." Melissa Kovach thinks they're "immature like me." So Melissa what are you saying? Chez Marsh thinks "they're cool and the costume is too ordinary." Paula Marie Ann Hopson and Anne DeCou think " the pink one is cool because they hate pink and have to favor it somehow."

Tom Coles loves the power rangers and "it's my lifelong dream to wear the costume." Jim Hagg said, "Lord Zed is his idol." Heather Andeson likes the pink one because she's ugly. Alisha Farber really likes "power rangers. " She is going to dress up like one.

Lloyd Bird likes the blue ranger butdoesn't know why. Lloyd too would like to dress up like one. Dexter Fassitt likes the white ranger because he goes 'high yah'. Matt Bass thinks they're a "bad influence on kids."

Jessica Olman also believes "they're bad for kids." Jack Conway however thinks " they're nifty." Andrew Alexander thinks they're "awesome." Laura Monroe said she'd "dress up like one for Halloween." Don Dean watches their show every day.

Chawn Guernsey thinks "power rangers are really cool." Tim Johnson agrees and would wear the costume cause "they're so cool." Lanca Danca would dress up like one because "they rock." Carrie Kowalcczyk watches them "when she's bored."

We also surveyed the teachers about Power Rangers.

Mr. Cassell doesn't watch because he " has a really life." Mr. Aubry doesn't know what Power Rangers are. Mr. Kannegieter doesn't understand the attraction. Mrs. Brown probably wouldn't dress up like one unless the costume were free.

Mr. Topp likes the dog. He likes the way it barks. (Mr. Topp, there isn't any dog.) Mrs. Markovich said she'd dress like one for the kids... but "then maybe not because you 'd have to be thin to look decent in that suit." Mrs. Dobbs likes the red one because red is her favorite color.

Mrs. A. Smith doesn't watch their show because she's "too busy correcting papers." Mrs. Schlarman would rather be a pumpkin. Mrs. Archambault said she'd "Dress up like one if the costumes were cute."

Mrs. C. Smith thinks that Mr. Barnhouse is the ranger with the most power. Mrs. Pasman doesn't know who they are.

see page three

POWER RANGERS..

Mr. Pefley would wear the costume because he also likes to fight for justice. MRs. Kalisiak would wear the costume if she know who they were. Mr. Ruesink likes the lone ranger best because he's in black and white. Mr. Lutz thinks they are too violent for kids.

MEET THE NEW PRINCIPAL

by don and brandon

D /B asked,"What do you expect out of the kids in PPMS?"

Mr. Barnhouse replied" I expect the kids in Paw PAw to do the very best they can academically and behaviorally."

D/B : "How do you like being principal and why?"

Mr. B. said, "I love being the principal. I love making decisions that have an effect on all people so that the students in the middle school can do the best they can. Most of all, I love all the kids."

D/B: " Where were you born and where have you lived?"

Mr. B. answered," I was born in Detroit. I have lived in Dearborn Heights, Ypsilanti, Saginaw, Decatur, Walkerville, Buchanan and soon-to-be, Paw Paw."

D/B: " How do you feel about moving into the old high school in '97.?"

Mr. B. said, " It's going to be a great opportunity to restructure the high school to fit middle school needs. I'm excited to get away from this run-down school."

D/B:" What are your hobbies and goals?"

Mr. B: stated, " My hobbies are all sports, board games, cards, reading , watching tv. My goals are to get my P.H.D. and becaome a superintendent."

D/B :"How many kids do you have and what are their names and ages?"

Mr. B.replied," I have three kids: a step-son , Jason, who is 17, a son named Tim who is 15 and another son, Jim who is 13."

D/B: "Would you rather have Saturday school than ISS?"

Mr. B. answered," I'd rather have ISS because students can be removed from a class and yet be working on schoolwork and not at home."

D/B: "How is our middle school different from your old school?"

Mr. B said," The two schools are different in that ours has two stories; that one had one. Our school has walls; that one didn't. We have a schedule like a junior high.; theirs doesn't. There they had teaching blocks and block schedules."

D/B." What school did you go to to get your degree?"

Mr. B. said, " I have two degrees. I have a bachelor's from Eastern Michigan and a masters; from Saginaw Valley State."

D/B." Are you going to dress up for Halloween?"

Mr. B. answered," Yes. and that's a surprise."

Trick or Treat!

STRAIGHT from the COUNCIL

As most of you know, not too long ago student council reps were elected. And look out. Bigtime activities come to mind from the word "Reps." The one student "rep." whom I know well let me have a word with him.

"Our most popular vote was the pool party," Josh Kennedy says. Andy Goldberg , alternate for Josh, is helping set up the activities for sixth grade.

HOW TO LEAD a TRULY SELF-CENTERED LIFE..by tj

1. Greet each day with a growl
2. If a mistake is in your favor, don't correct it.
3. Develop a truly tastless foul mouth
4. Ask people how much money they make.
5. Rake leaves into your neighbor's yard.
6. Develop a convenient memory.
7. Sneer at people who try hard.
8. Comment on weight gain in others.
9. Notice good ideas and pass them off as your own.
10. Support the death penalty for parking violations
11. make animal sounds in libraries.
12. Give distances in kilometers.
13. Touch paintings in museums.
14. If there is going to be a fight, make sure you start it.
15. Threaten to sue.
16. Always be right

NEW IBM in ROOM 210

by kristie and bianca

Mrs. Markovich got a new computer provided by the government for each of the title one reading classrooms in Paw Paw schools.

Mrs. Markovich says she knows how to use the programs on her new computer but she needs more practice with the writing programs for her new IBM compatible.

She plans to use it for spelling, science, social studies and writing instruction.

It is available to all her students during the school day. If other students need to use it, then they should make arrangements.

When we asked her why she would want a computer in her room she replied, "so that all students could learn to use a computer because most jobs will be dependent on them in the 21st century."

We asked if she ahd any comments or suggestions to add and she said, " It woudl be nice to have a computer lab for use of all middle school students."

TEACHER INTERVIEWS...

It's been years since we interviewed all the teachers who have been here awhile. It is our goal this year to start to highlight a few per month. This month we have interviewed Mr. MArtin, Mr. Ruesink and Mr. Topp.

see page five

MR. MARTIN

Mr. John Martin started teaching twenty years ago because he enjoys school so much.

He would like to teach current events more than social studies , lit and D.S.

When he was twelve , he didn't want to teach. But in college he decided to be a teacher.

He started teaching when he was 24.

He has three children and two dogs. In his free time, he likes to jog and referee. His favorite show is Seinfeld.

How old is Mr. Martin now? Can you guess?

by nikki and paulette

MR. TOPP

Mr. Lynwood Topp said that he liked teaching in Paw Paw because he liked to teaching to all the kids. His favorite part of teaching science is the lab work , experimenting and dissecting.

He has been in PawPaw for twenty-seven years. Before that, he tuaght for two years in Africa.

The part of teaching he likes least is all the paper work.

His children are Joe who is 15 and at Bloomingdal High School and Matt who is 22 and at GRand Valley His wife teaches at Black River.

His birthday was September 19. and he said he is happy that he is a teacher.

by angelina and veronica

MR. RUESINK

He was born in Adrian and grew up on a dairy farm half-way between Jackson and Toledo. He milked cows as a kid or as he said it, "Squeezed Bossy."

He went to a one-room school with his three brothers and sisters. He is the second youngest child. None of them got along very welll, especially he and his younger brother. He once shot him in the head with a bb gun. He also locked him in the trunk of the car on a hot summer day... but Mr. Ruesink didn't get away scott-free; his brother broke his nose.

Asked what he liked to eat and drink , of course he said, "Coke." He also liked beef stroganoff, raspberry cobbler and Boston cream pie, but the most perfect meal he ever ate was salmon and spinach souffle.

He got into acting because he was too old to play sports. He loves to act and direct. Last spring was the first time he had acted in a play for about five years. Once, he had to play a girl for a few minutes. He has to sing a lot in plays...(He even sang for us in this interview.)

The most popular play he's ever been in was "Fiddler on the Roof." When he was in the play "Kiss Me Kate". he had to wear water soluable mascara on his beard and mustache so he could look dark-haired and Italian. By the end of the play , when he was all hot and sweaty , he had to kiss the lady playing Kate , and the mascara rubbed off all over her face.

Mr. Bruce Ruesink likes most kids but some he tries to stay as far away from as possible. He also likes

Mr. Rue continued all of the teachers.

He enjoys teaching social studies most. We guess it's because he knows so much about it. After five years of college and student teaching in Three Rivers, he started teaching at Paw Paw when he was in his early twenties, when Miranda's mother went to school here and she's now 34.

Mr. Ruesink thinks the building could use some fixing up but it's ok for now. He also thinks it's going to be hard to move to the high school because it was designed as a high school.

He likes to wear tennis shoes because they're comfortable and he has a bad back They cushion him when he walks. He wears shorts and t-shirts at home but not in pubic because he's afraid kids will be afraid of his knobby knees.

Ashley Alexander wondered where he got his ties? He said his"wife and her friends go shopping and they buy them for me."

by miranda and melissa

FALL by samantha stubbs

You can tell it is nearly fall
I make leaf piles,
Put them in a ball.
I love the fresh air
And colored leaves falling
In my hair.
Though I can't wait til winter comes
I should not sit around
Acting like a bum.
I could go outside,
Smelling the fresh air
Writing poems to share.

TEN WAYS to RECYCLE PPMS

10. Call in the Flaming Dragons' Black Belt Squad to "take care of it."
9. Give the place to vo-tech.
8. Get a Sonic -depresser, set it on volume 10and let it rip, causing the bats to let loose in the building.
7. Employ a wrecking ball.
6. Plant roses around it and make it a morgue.
5. Use it as a Firefighter's test building.
4. Use the relatively safe basement for nuclear testing.
3. Test the pigeons for mutations and set-up a science lab.
2. Set up an archaelogical dig and search for artifacts .
1. Drop a feather on top of the school.

by jack conway

WHY ARE THERE STONE CHILDREN HUDDLED ON THE WALLS OF PPMS?

by andrew alexander

Have you ever been walking into the middle school and wondered , "Why are there naked children on the side of the building sitting there?"

I have thought that maybe they were children locked in stone. I suppose they are naked because they did something bad and were forced in the winter to suffer.

My theory is that when the building is finally torn down, the children will be able to break free. Then we will find out the true story of these poor kids

HEY 6th GRADERS... 2002 is elling t-shirts in December. See Mrs. P.

ASSEMBLY with ARC...Sept. 29

Paw Paw Middle School was visited by a band called Left Turn.

Their purpose was to get across the message;" Don't use drugs." The band believes that kids need to be kept interested in other things.

In between songs they had skits. We would like to thank Mr. Barnhouse and the student council for having the band come.

by kelly

DANCE TONIGHT and PARTY

The PPMS student council will hold a dance tonight for 7th and 8th graders from 6-8. You can wear costumes if you'd like.

The sixth graders will be having a party from 2:30 - 5 that same evening and will also be able to wear costumes if they want.

The council is planning a lot of different spirit days. We had the red and white day last Friday. A boy and girl from each grade was chosen as most spirited by their lit. classes.

Students arealso collecting money for a tree for Memorial Park. The lit. class with the most donations will win ice cream bars as a treat.

by erin merker

SICK OX... the band with class

by Gwinine

Announcing Sick Ox, a band which has been around since 1994 but has just recently gotten fame. We are coming out of our hermetically sealed shells to bring you some music.

Many people know us but not many have heard us rock supreme. We are hoping to play a t a dance but have had some technical difficulties.

Why announce this? We need supporters. Let them know you want us. (even if you don't!) We

need a chance in the spotlight to gleam perpetually. So please, be interested. Contact Jack Conway, Andrew Mansberger, T.J. Gould or Joe Burker for the inside scoop.
with a high five, Jack

POLL to the PEOPLE by j. conway

The ARC assembly was a success, say the literature classes of Paw Paw Middle School. A whopping amount of you guys said, "It was cool" or "It was awesome" while a few said,"It stunk (using our favorite word of course)." Some even thought that the guys were cute...but I disagree.

Almost everyone thought that the most popular costume for this year would be a witch but hardly anyone said they wanted to be one! I'd say the most popular one would have to be the power ranger, pink or red depending on gender.

Many seventh graders thought the idea of the new high school was good and held many advantages such as air conditioning, better learning facilities, new lockers, and no more embarrassment when people visit our school. Eighth graders agreed for the most part, but they didn't share one view: the "funness" of being the first class to survive four years in the new high school

Sixth graders asked about the new high school had more to add. They looked forward to the modern ness of it . and better desks. and no peeling paint in the auditorium. Steve Westerbrooks spoke for many when he said, " The first advantage that comes to mind is that we won't have to wear hardhats!".

SIXTH GRADE RESPOND to the MIDDLE SCHOOL EXPERIENCE

When asked what they missed most about the 5th grade, sixth graders mentioned "the teachers" and "less homework." Drew Zolp Kevin Floyd, and Evan Jordan agreed on that point. KAsey Cooper missed the longer classes and Richie Rennhack missed not changing classes.

Ryan Horton likes changing classes as part of the sixth grade style and REnee Vesey liked the teachers as well. Mary Ann Wren also thought the lockers were a good idea. Mrs. Smith was Melissa's reason for liking sixth grade while Ashley Herron liked the teachers generally and a lot of homework. Katie Anderson agreed about the teachers but felt there was too much homework. Ashley Alexander liked Mr. Wilson a lot and CAsey McKenzie liked Mr. Lutz . Everyone liked the pop machine.

A few complaints were on their lists. The biggest one was too much homework Lockers jamming was another problem mentioned.

Pam Henderson was excited to come to the middle school and Amy Jeschkey was glad to get away from private school. Ginger Herring looked forward to class changing. Ted Crook loves that class changing. Crystak liked meeting Mr. Zolp and Eric Pasman liked the teachers. (gee wonder who he knows?)

Chelsea DeRyke felt some of the eighth and seventh graders were nice. Samantha STubbs said, "Theu help you find your classes." Jamie Merwin, however, expressed another side of the story;" Too rowdy", said she about the older kids. by cindy and nellie

CLASS of 2002 Halloween Choices

MAry Ann Wren will be a "pirate, something she wanted to be when she was a little girl."

Megan Burns wants to be " a hippie because it's a new idea." Kasey Cooper said,"I will be a woman."

Jason Glidden also wants to be a pirate . Melissa Whisler will be a person from"Grease" because that's what all my friends are doing.

Kellie Nugteren will be " a hula girl because I like the grass skirt and it's fun to dress up." Kelly Barkovich will be a" pizza because I feel like it." KAtie Eldred will paint her face green and " be a witch." Ashley Lee is going to be a '50's person. "It'll be cool." Rachel Sypult will be " Mortisha because I think she is neat-looking." Ashley Alexander will be "Frenchie from 'Grease' because I like the movie."

Steve Westerbrooks wants to be "Forest Gump because I can do a great impression of him." MAry Oberlies will be "a maid because I didn't want to be a clown." Ryan Vyverman will be "Charlie Chaplin" Nathan CArr will be a pumpkin and Missy Bingham echoes many kids who said, "I don't know yet."

A TALK with MRS. SCHLARMAN

by a. lee / m. wren

We asked Mrs. SChlarman, the assistant to the principal, how long she had been working here and she replied," About a year and a half." Her favorite part of working here was "being able to help students solve their problems."

We wondered why did she like it here and she said, "The teachers are excellent, the support is great to work with and the student body is one of the best."

In her opinion one of the best changes here is " the attempt to make the school better and that I get to stay here two more hours each day."

She told us she liked the Good Times and reading what the students have to say. The paper makes "a positive image on the community."

She also said she likes Mr. Barnhouse. "He has a good philosophy. I like the way he interacts with students."

She told us she has two dogs, Sybill Shephard and Lola and two horses, April and Sammy."

SOCCER SEASON AYSO 1995

Soccer season is off and running finishing up this week , in fact. The three Paw Paw teams dominated the league all season. All three have demolished their opponents. Their real challenge has been playing against each other's team. see p. 10

The three teams are TJ's Autobody, Burroughs, and Warner Do-It Center.

The Burroughs team consisted of Justin Pillow, Jeff Van Dusen, Tony Borello, Karl Stamm, Ron Humphrey, Josh Hochmuth, Chris Peshl, Laura Anderson, Marshall Bailly, Ashley Conners, Matt Bailly, Matt Campbell, Brett Coady, Casey Kern and Dan Cabras. The team has won all its games but one which they tied last week. The team was led by the Three Musketeers: Van Dussen, Marshall Bailly and Peshl.

TJ's team is headed off by Angie Ferrari, Joy Shinabarger, Dusty Mount, Steve Gehl, Mike Lounsbury, Andrew Pahms, Andrew Alexander, Dan Meach, Jason Wilhelmi, Steve Taylor, Bryan Jennings, Ryan Begnoche, Matt Rife, and Randy Duncan. Alexander comments," We have many good players and we have a possible chance of winning the championships." They won six straight games and had a surprising tie with Lawton. They may just slip away with first place.

For Warner Do-IT, the season had a rough start, losing their first two of three games to the other two Paw Paw teams. They have lost only one other game , to Wilhelmi's team. They also upset Bailly's team in a rematch later in the season.

Their team 's players are John Ayres, P.J. Reidt, Jason Motter, Landry Boysen, Angelina Holt, Nikki O'Keefe, George Kilts, Brett Moss, Shawn Vincent, Eric Grehl, Kristen Wilson, and Andy Goldberg. This team finished in third place but caused the other two PP teams a lot of unwanted trouble.

by chris peshl / laura anderson

WRESTLING SEASON NEARING

by mark houghton

Yes, it's the new season, the new season of Paw Paw Middle SChool's Wrestling Team. Over the off-season, there have been some changes.

Like what? Well, there's some new rules and a new head coach,. Ron Winters , a recent Paw Paw graduate. He's ready to coach for a winning season.

With only eleven people on the team so far, (and it's early yet.) we wondered if any of you seventh and eighth graders would want to join yet. If you are interested, please contact the PPMS office to leave a message for Ron or call him at 657-4607. You could also let me, Mark Houghton, know by calling 657-5483.

HALLOWEEN NIGHT FLYING

There once was a big black cat,
It liked to sit on its mat.
And when the witch flew by
It let out a sorrowful cry.
"Woe is me!" said the cat
"It's boring to sit on that mat.
I'd rather be like your bat
And curl up inside of your hat."

"Ok," said the witch with a grin,
And on her broomstick they spinned
Then suddenly yelped the cat,
"I want back down on my mat!"

by j ,shinabarger

HALLOWEEN STORY WINNER
by andrew sitar

13 year-old Billy Rogers moved to Jamison Street October 28. He had his own room upstairs while his parents' room was downstairs. He spent most of his time in his room since he had no brothers or sisters. Because he had such a large collection of books, he had to put his bed right beneath the window.

The day he moved in he walked down to the pond to catch some frogs. He spotted something floating on top of the water, then watched it disappear below. He went back to looking for frogs. A little while later, in the spot where he had seen the object, four fingers appeared or were they twigs? As quickly as they appeared they vanished. Billy left to go for a ride on his bike.

A couple blocks down the road he saw an old abandoned house. Curious, he took a look around. He peered into the dirty basement window where he saw an elderly man opening an old battered refrigerator. The man took a jar of green liquid out. As he placed the jar on the table the telephone rang. Billy watched the man walk upstairs to answer it. He got closer to the window to read the label on the jar. It read, "October 31, Jamison Street, died in a pond." As soon as Billy read the label, he was afraid. He jumped on his bike for home as fast as he could.

On the way, he lost control of the bike, tipped over and rolled into a ditch. Lying in the ditch, he looked over his shoulder to see a dead man. The man's eyes were rolled back into his head, his right hand was missing and he was smiling. Billy turned to go for his bike and found it was twisted into a knot. The wheels were spinning uncontrollably. He ran home as fast as he could without looking back.

When he got home, he was out of breath. He ran to tell his mom what had happened. She said it was probably just some kids fooling around.

That night after they all went to bed, he heard scratching on his window. He turned on the light, but looking out through the window, he saw nothing.

The next morning he remembered what he had heard the night before. He looked at the window to see what could have caused the noise. There on his window was a green hand print. Billy found his mother in the kitchen and told her what he'd found. She dismissed it as just a dream.

That night shortly after Billy and family were in bed, he heard something knocking on his bedroom door. He yelled."Come in,." Nothing happened. He sat up to take a better look. Something green was glowing from underneath the door. He switched on the light. The knocking stopped. The green light disappeared.

In the morning he asked his mom if anyone had knocked on his door. They hadn't. He figured this

must all be dreams since no one lese seemed to hear or see anything.

That night after he had gone to bed his mother came up to his room to say goodnight. He turned off his light and fell asleep only to be awakened again by scratching under his bed. He told himself it was only dreams again and forced himself to sleep.

When it was time for Billy to get up the next morning his mother went upstairs to wake him up. She shocked to see him lying in bed with a green hand around his neck, his eyes rolled back in his head and a smile on his face.
